This Loft style unit in Port Chester cleverly maximizes its compact footprint through innovative design. The space features two loft areas accessible via spiral staircases, effectively creating two levels within the single-floor layout. Large windows dominate one wall, flooding the space with natural light and offering views of neighboring buildings. **** The main living area is multifunctional, combining living and sleeping spaces. A comfortable sofa serves as the centerpiece, complemented by a round coffee table and a vibrant area rug. The loft area, visible from below, provides additional sleeping or storage space. **** The unit's decor is characterized by a mix of modern and bohemian elements. A striking blue accent wall adorned with artwork and trailing plants adds visual interest and depth to the space.
