Soaring ceilings and exceptional natural light define this one-of-a-kind modern residence in Upper Nyack. Set on 1.17 acres, the expansive backyard offers ample space and provides direct access to the nearby walking trail leading to Hook Mountain. A rare and distinctive offering, this home blends striking design with everyday functionality, enhanced by thoughtful recent upgrades throughout. The open, airy family room flows effortlessly into a true chef's kitchen outfitted with two sinks, two dishwashers, two ovens, a large cooktop, wine cooler, and elegant stone countertops. Designed with entertaining in mind, the generously sized dining room is highlighted by a dramatic stone, wood-burning fireplace. The private primary suite features two walk-in closets, a spa-inspired bath, a Juliette balcony, and scenic Hook Mountain views. Additional highlights include hardwood floors throughout, a custom laundry room, and a fully finished walkout lower level with full bathroom. Recent improvements include a newly paved driveway (2024), a new roof with updated chimney flashing (2025), an indirect water heater (2024), a high-efficiency 4-ton heat pump (2024), and 22 solar panels installed in 2023. Whole-house speakers, a gas generator, and an electric car charger further elevate the home's modern convenience and energy efficiency. A detached two-car garage includes a second-floor space well suited for a studio or creative retreat. A truly special property offering privacy, style, sustainability, and a strong connection to nature.
