Defined by clean lines and a thoughtful renovation, 367 Old Mamaroneck Road offers a sophisticated take on the classic Colonial. The main level flows naturally from a light-filled living room with a wood-burning fireplace into a window-wrapped room that doubles as a TV room or home office. The kitchen is the heart of the home — marble counters, stainless steel appliances, and a breakfast bar, perfect for casual gatherings. A formal dining room with a coffered ceiling sits just off the kitchen, and beyond that, a large patio designed for large-scale entertaining, overlooks a perfectly level yard—a rare find that offers plenty of space for play or gardening. Upstairs, the Primary Suite is a private sanctuary, complete with a generous walk-in closet and a marble-clad bath. Two generously-sized bedrooms and a stylishly renovated hall bath round out the upper level. Downstairs, a bonus, finished lower level with its own entrance adds flexible space for a playroom, gym, or guest overflow. A detached two-car garage with a storage loft completes the package. This is a home that delivers on both the details and the day-to-day.
