Whether you're leaving the city for more space, trading a condo for outdoor living, or ready to build equity instead of renting, 20 5th Street delivers. The bright, open-concept main level flows from a spacious living area into a stunning kitchen with quartz countertops, stainless appliances, Carrara herringbone backsplash, and a large island with seating. Two upstairs bedrooms are supplemented by additional flexible space in the finished lower level, which has direct exterior access. The two full baths are nothing short of a spa retreat. Outside, enjoy a covered front porch, an expansive fenced yard with level lawn and paver patio that's great for entertaining, and three big, modern storage sheds. Not only does this home look spectacular, but it's essentially new: a top-to-bottom renovation replaced almost everything, including all plumbing and wiring. Upgrades include Andersen 400 windows, new roof and siding, recessed lights in every room, a four-zone Mitsubishi ductless heating and cooling system, a Navien tankless water heater, and radiant floor heat on the main and upper levels plus radiant wall heat below. It's turnkey in every way and all just a 15-minute walk to the Pelham and New Rochelle Metro-North stations. Thoughtful, top-of-the-line updates, modern finishes, abundant natural light, efficient systems, and a great location await you at 20 5th Street. NOTE: No photos are AI-generated or virtually staged—this is truly how good it looks!
